

# CITB Site Supervisor Safety Training Scheme Refresher (SSSTS-R)

## Course Introduction

The SSSTS Refresher 1 day course is for delegates who have previously passed the 2 day SSSTS course. It will revive and rejuvenate the current SSSTS holder's responsibilities of health, safety, welfare and environmental issues, as well as the legal responsibilities as the Site Supervisor.

## Course Pre-Requisites

Delegates must hold a valid and in date CITB SSSTS certificate.

## Course Topics

- Module 1 - Legal & Management
- Module 2 - Health & Welfare
- Module 3 - General Safety
- Module 4 - High Risk Activities
- Module 5 - Environment

## Course Benefits

If you are a Supervisor on a construction site you have a legal and moral responsibility to your work force. Health and safety of the site lies with you, and it is necessary to make sure you are able to Supervise a site that is suitable to be worked on.

If you are booking on behalf of a CITB levy claiming organisation, please provide your unique levy number and learner national insurance number at the point of booking or on the day of the course. On course completion we will then submit your levy claim on your behalf.

The awarding body CITB issue all certificates via PDF format. This will be emailed to the course booking contact on successful completion of the course, once received from CITB.

## Assessment Method

25 Questions (Multiple Choice & Written Exam)

**Qualification Expiry**

5 years
