 - PASMA Instructor

- ROSPA Instructor, ROSPA international diploma in advanced instruction or master training
- BRITTOp Instructor
- Each learner must be able to evidence completion of the full eTruck eLearning course within 36 months of the course start date.
- Have good communication skills, with the confidence to deliver training to others.

Course Topics

- Full (for conversion) or refresher (for re-reg) RTITB eTruck eLearning Theory
- Health & Safety Requirements in accordance to the HASWA 74, LOLER 98 7 PUWER 98
- Lesson Planning, Preparation & Delivery
- RTITB practical assessment

Course Benefits

The RTITB Lift Truck Instructor Re-Reg/ Conversion course will provide experienced instructors with the opportunity to refresh their skills and knowledge to or convert from existing qualifications, to the RTITB standard. This is ideal for organisations looking to upskill and train internal team members to deliver internal training to the industry leading accredited standards of RTITB, whilst saving on costs.

On successful completion of the course, instructors will also be able to register to the RTITB international register of professional instructors. This is a network of over 5000 instructors, trained to the RTITB standard. Find out more about the benefits of the RTITB register of professional instructors, [by clicking here.](#)

Assessment Method

Each learner is individually assessed throughout the training delivery. On the final day of delivery, each learner is then assessed externally by a qualified RTITB examiner.

Qualification Expiry

5 Years
